FIND YOUR WOW!...

When planning your bathroom, the most important consideration is finding a 'wow' that works for you.

At HiB we are dedicated to designing your ideal bathroom and helping you create a sanctuary in your home that excites and delights you every day.

With more than 25 years' experience, we are renowned for our innovation, peerless quality and, above all else, our commitment to revolutionising bathroom design. Your bathroom could benefit from the latest innovations, such as steam-free mirrors, LED colour temperature changing technology and even Bluetooth-enabled cabinets — all in a style that suits your personal taste.

Whether you're addicted to Art Deco or mad for Minimalism, you'll find your 'wow' with HiB.

WHAT MAKES ALL THE **DIFFERENCE** MAY SURPRISE YOU...

If you're looking to make your bathroom extra special, you may be wondering which features make the biggest impact. Is it the taps, the shower, the WC? At HiB, we know that it's often the traditional finishing touch accessories that make the biggest difference. That's why, far from a final consideration, we believe that mirrors, cabinets and lighting should be chosen at the very beginning of your design journey.

Imagine a beautiful bathroom with an LED illuminated mirror at its heart, or a cabinet that plays your favourite songs at the touch of a button. When you put our products in the picture, it's easy to see how bathroom accessories and furniture can make all the difference, setting the perfect tone for your interior concept.

CREATING YOUR **WOW...**

Creating your 'wow' is all in the planning. When designing your bathroom, consider which elements will bring the space to life and work from there. In our experience, a beautiful mirror or a cutting-edge cabinet adds a focal point that transforms and enhances the room.

FIND YOUR MIRROR

Your mirror is – quite literally – a reflection of you and your style aspirations. The right mirror can create the illusion of space, enhance your lighting scheme and deliver the look you want for your bathroom.

Everyone has a different idea of what makes the perfect bathroom. That's why each HiB mirror has its own distinctive features — so you're sure to find one that suits your aesthetic and meets your specific needs. Whether you can't live without your playlist, like your lighting 'just so', or always have a device to charge — we have a mirror for you.

Browse our collection and you might just find a 'wow' you can use as the inspiration for your new bathroom design.

• Sphere 60

Sphere Mirrors

“A solid ring of light offers flawless illumination”

An ‘all-round’ winner for those who love a touch of luxury. Sphere features a halo of colour temperature changing LED lighting. You can switch between warmer and cooler shades of white light, simply by holding the touch switch.

See page 120 for technical details.

Mirrors	Art No.	Dimensions	Price
Sphere 60	78760000	Ø60cm	£314
Sphere 80	78761000	Ø80cm	£356

Features

- Colour temperature changing LED illumination
- Heated pad
- Touch switch

Cool White

• Arena 120

Arena Mirrors

Arena has an integrated heating pad, to keep it steam free, and a colour temperature changing border that gives it striking definition.

See page 120 for technical details.

Globe Mirrors

"Illuminated edges make a powerful style statement"

Globe opens up a whole new world of style, in any size of bathroom. If you have a large space, consider landscape positioning. For more compact bathrooms, use it vertically to create a sense of airiness and light. A sensor-activated perimeter of ambient lighting adds a final finishing touch.

See page 120 for technical details.

Mirrors	Art No.	Dimensions	Landscape or Portrait?	Price
Globe 45	78400000	80 x 45cm	Both	£339
Globe 50	78500000	70 x 50cm	Both	£324

Globe 120	78700000	60 x 120cm	Both	£475
Globe 140	78710000	60 x 140cm	Both	£503

Theme Mirrors

“A backlit mirror gives a more subtle light effect”

Adjustable lighting transforms the ambience of your bathroom, from warm and relaxing to cool and invigorating. Theme's soft backlight changes from radiant warm whites to icy cool whites at the touch of a button. With its clean lines and minimal design, this versatile mirror will look stunning in any style of bathroom.

See page 121 for technical details.

Mirrors	Art No.	Dimensions	Price
Theme 60	79110000	Ø60cm	£261
Theme 80	79120000	Ø80cm	£289

Features

- Colour temperature changing LED illumination
- Heated pad
- Touch switch

Ambience Mirrors

“Adjustable lighting creates the perfect atmosphere”

The Ambience mirrors include the latest Colour Temperature Changing technology. You can change the light from cool white to warm white and every shade in-between at the touch of a button.

See page 121 for technical details.

Mirrors	Art No.	Dimensions	Landscape or Portrait?	Price
Ambience 40	79000000	80 x 40cm	Both	£259
Ambience 50	79100000	70 x 50cm	Both	£260

Solas Mirrors

“A fusion of style, design detail and next-level illumination”

Featuring a circle of LED light, offset from the surface of the mirror, Solas provides optimum facial illumination, comparable with the make-up mirrors used by professional stylists. Solas offers light blending and colour temperature changing technology for a level of illumination that is second to none. This allows you to find the perfect hue for precision tasks such as make-up application, shaving, or simply to complement your interior design.

The circular LED light frame is available in chrome, with either mirrored sides or a cutting-edge industrial black. Solas can be hung landscape or portrait to suit your bathroom. If you want to make a statement, choose Solas.

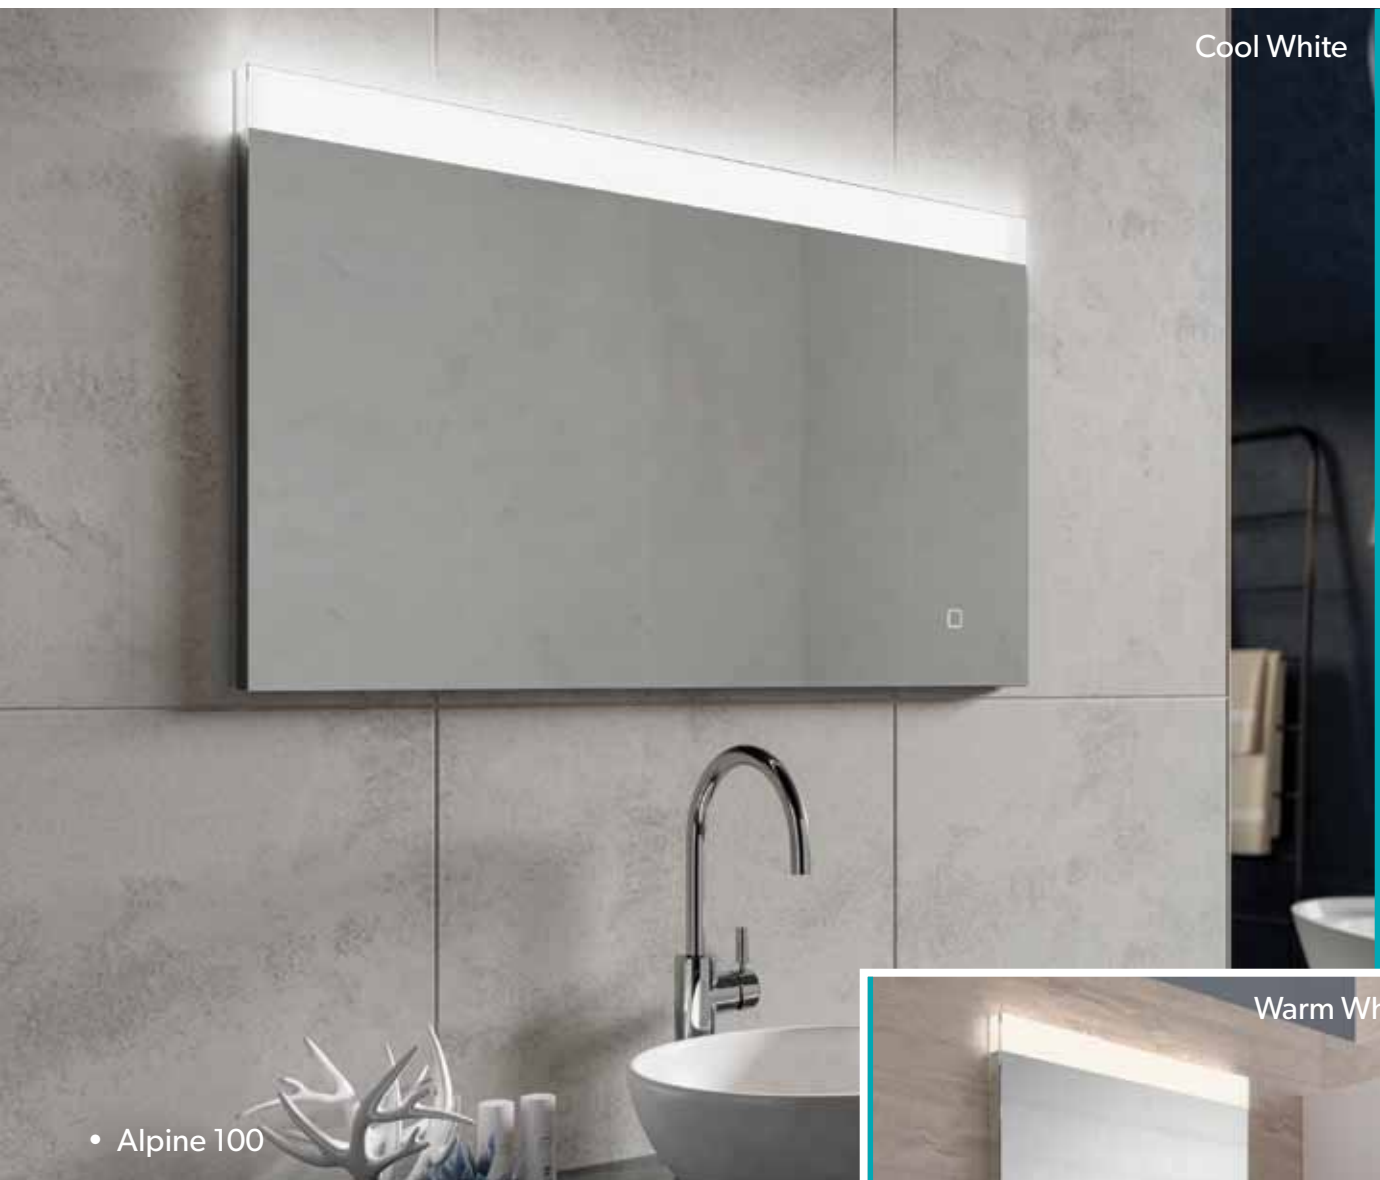

See page 124 for technical details.

FIND YOUR MAGNIFYING MIRROR

There is nothing as effective as a magnifying mirror for applying flawless make-up, contact lenses or ensuring a precise, clean shave.

Cirque Magnifying Mirror

"Get ready for your perfectly illuminated close-up"

Unlike anything else on the market, Cirque features clean defined lines, 5x magnification and innovative soft-glow LED illumination. The light is activated by a touch switch that, when held down, cycles through a spectrum of cool and warm white hues.

The perfect partner for delicate tasks such as eyebrow plucking or precision shaving, this unique design brings the boutique hotel to your bathroom.

See page 130 for technical details.

- Precision door illumination border
- Mirrored back panel
- Integrated charging socket(s)
- USB Charging socket(s)
- Double sided mirror door(s)
- Heated pad in mirrored door(s)
- Mirrored sides
- Sensor switch
- Removable "keep clean" mat(s)

Heated pad door helps to reduce condensation

Ether Cabinets

Ether's clever design fulfils all your lighting needs. Ambient lighting, on the sides and base of the cabinet, creates a radiant halo effect on your wall. Simultaneously, a precision line of super bright LED light crowns the mirrored doors, giving you defined light for personal grooming or applying make-up.

You can adjust the ambient light, from cool white to a softer warm white, depending on your mood or bathroom scheme.

Inside the cabinet, there is integrated sockets for shavers and USB chargers, while a removable silicon mat keeps your shelves smear-free.

See page 132 for technical details.

Features

- Colour temperature changing LED illumination
- Ambient lighting around three sides
- Precision door illumination
- Mirrored back panel
- Integrated charging socket(s)
- USB Charging socket(s)
- Double sided mirror door(s)
- Heated pad in mirrored door(s)
- Mirrored sides
- Sensor switch
- Removable "keep clean" mat(s)

"Light your bathroom two ways"

Ether 80	50700	80cm x 70cm x 12.2cm	£799

- Charging dock, including shaver socket and USB

• Vapor 80

Vapor Cabinets

“A cabinet that senses your needs”

These beautifully designed cabinets are fitted with a proximity sensor. When you step in front of the mirror, the sensor activates radiant LED illumination and internal heat pads. These features stay on for five minutes after you have moved away, so you can switch on, take a shower and come back to a clear mirror.

Ambient lighting underneath the cabinet adds another touch of luxury.

See page 132 for technical details.

Cabinets	Art No.	Dimensions	Price
Vapor 50	51400	50 x 70 x 12.2cm	£576
Vapor 60	51500	60 x 70 x 12.2cm	£681
Vapor 80	51600	80 x 70 x 12.2cm	£734

Features

- LED illumination
- Ambient under cabinet lighting
- Heated pad in the mirrored door(s)
- Integrated charging socket(s)
- USB Charging port(s)
- Mirrored back panel
- Double sided mirror door(s)
- Central divide(s) on Vapor 60 and 80 for more effective storage
- Proximity sensor (Run on timer - 5 minutes)

• Vapor 60

Stand in front of cabinet to turn light on

Paragon Cabinets

"Illuminated side panels create a luxurious glow"

Paragon radiates ambient white light that you can adjust to suit your tastes and mood. The spectrum changes from invigorating cool whites to mellow warm whites.

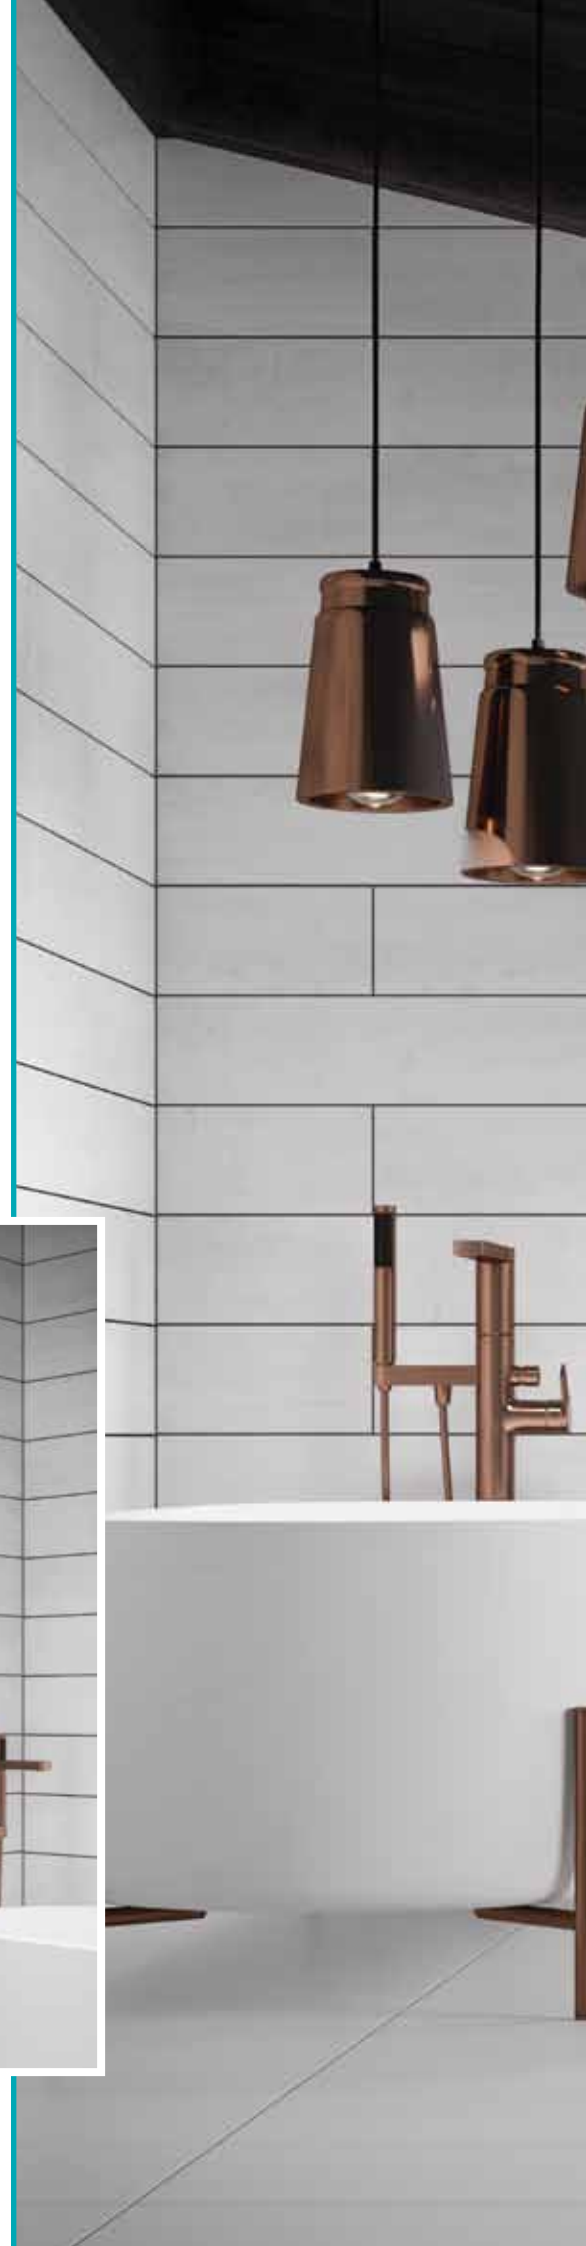

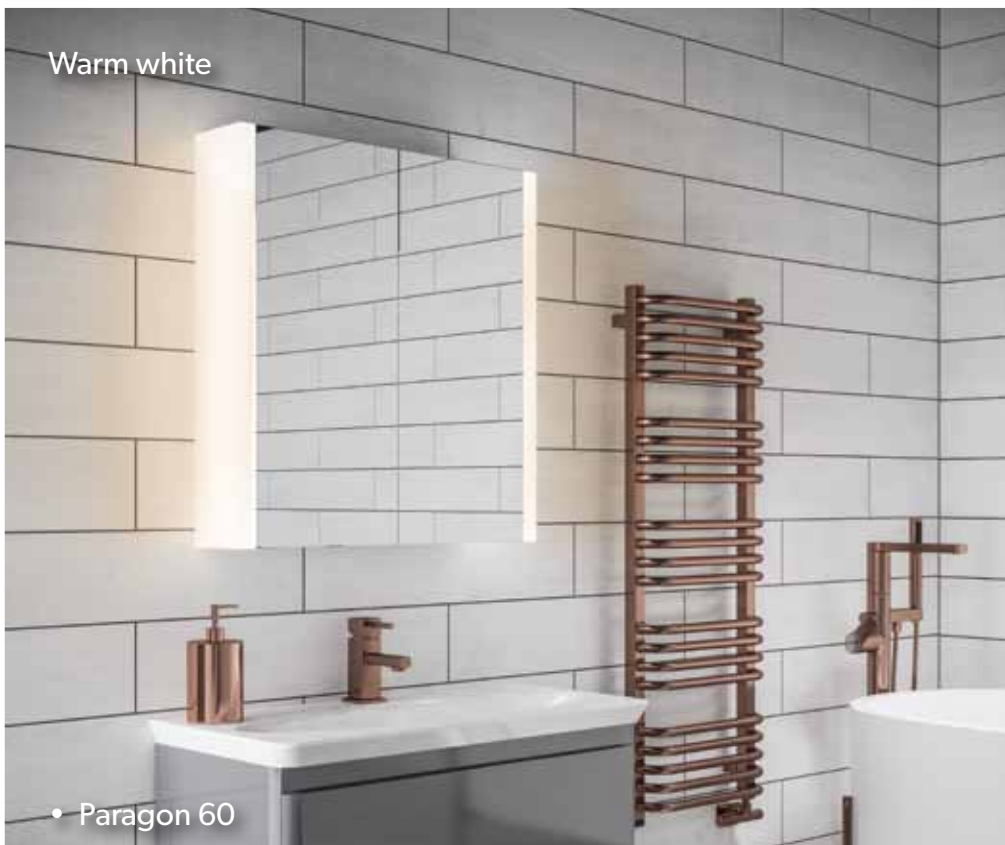

An integrated socket keeps your bathroom essentials fully charged, so you're always ready on time.

See page 132 for technical details.

Cabinets	Art No.	Dimensions - W x H x D	Price
Paragon 50	51800	56.4cm x 70cm x 14cm	£608
Paragon 60	51900	66.4cm x 70cm x 14cm	£681
Paragon 80	52000	86.4cm x 70cm x 14cm	£765

Features

- Colour temperature changing LED illumination
- Heated pad in the mirrored door(s)
- Integrated charging socket(s)
- Double sided mirror door(s)
- Sensor switch

Edge Cabinets

“A fully reflective design with LED border detail”

With its mirrored doors and side panels, Edge is designed to reflect and radiate light on every surface.

This stunning cabinet emanates ambient light from the top and bottom, while the LED border detail creates more defined lighting on the mirrored doors.

Edge is functional, too, with built-in charging points and a heated pad to keep your glass clear. Soft-close hinges ensure your doors close gently and quietly every time.

See page 133 for technical details.

Cabinets	Art No.	Dimensions - W x H x D	Price
Edge 50	49400	50cm x 70cm x 14cm	£576
Edge 60	49500	60cm x 70cm x 14cm	£629
Edge 80	49600	80cm x 70cm x 14cm	£702

Stratus Cabinets

“LED illumination creates a bold, contemporary style”

Clean lines and a modern LED design make Stratus an instant contemporary classic.

The cabinet is fitted with demisting technology, to keep your mirrors clear and steam-free. Double-sided mirrored doors allow you to access a mirror, even when the door is open. And soft-close doors ensure your doors close gently and quietly every time.

Inside the cabinet you will find discreet integrated charging sockets, so your toothbrushes, shavers and trimmers will always be charged and ready for use.

See page 133 for technical details.

FIND YOUR VENTILATION SYSTEM

When you invest in a premium bathroom, you want the assurance that it will continue to look fresh and new in the years to come. This is why a quality ventilation system is advised.

A build-up of steam and poor ventilation can cause a number of problems. These range from unsightly mould, to problematic damp and serious structural damage.

With these concerns in mind, we developed a range of design-led ventilation products that prevent an unhealthy build-up of condensation without compromising your style.

Cyclone Fans

"Ideal for large bathrooms and wet rooms"

This high-powered inline fan comfortably clears condensation in a larger space. Cyclone's slim, flush mounted grille sits discreetly in your ceiling and is quiet enough to maintain the relaxing ambience of your space.

Available in a chrome or white finish with optional warm or cool white LED illumination.

See page 138 for technical details.

Features

- Complete kit includes fascia, inline fan, 3 metre flexible ø10cm ducting, external fixed grille and steel hose clamps
- Powerful 210m³/hr extraction rate
- Low noise level of only 32dB
- Optional warm or cool white LED illumination*
- Adjustable run on timer. Select from 2 up to 30 minutes of extraction after the main light is turned off
- IPX4 rated

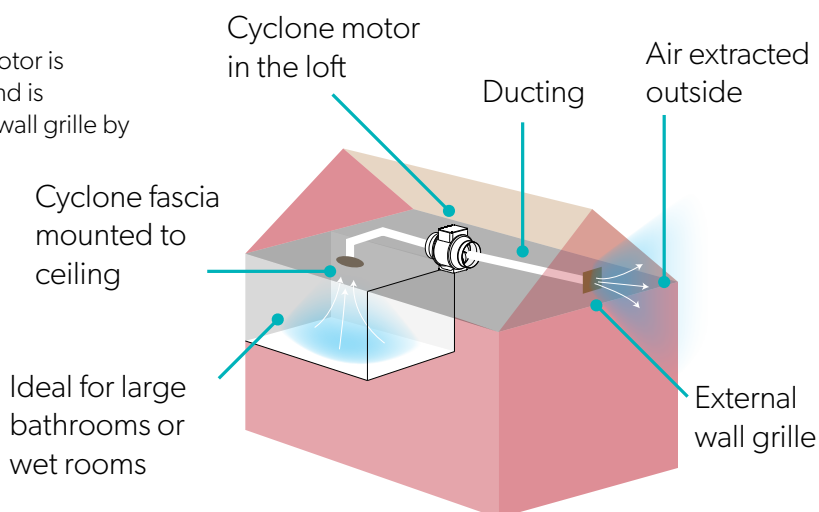

*Replacement lamps available from HiB

- Cyclone, Chrome - Non Illuminated

How Cyclone Works

The large and high powered inline motor is remotely sited within the loft space and is connected to the fascia and external wall grille by the supplied flexible ducting.

Ventilation	Art No.	Dimensions - Diameter x Depth	Noise Level	Price
Cyclone Non Illuminated, White	33300	Ø14.5cm x 1.5cm	32dB	£142

FIND YOUR LIGHTING

The right lighting is key to creating your perfect bathroom ambience. It can invigorate you and prepare you for the day ahead, or relax and calm you when you need to unwind.

The lighting in our range is both carefully considered and beautifully designed to set the mood and add a touch of understated luxury.

Rhythm Bluetooth™ Light

Rhythm features a Bluetooth™-enabled speaker that allows you to play your favourite music, podcast or audiobook straight from your device. A remote control means you can adjust the volume, skip a track and even change the dimmable LED light from cool white to warm white and through a spectrum of red, green and blue hues – creating a whole new level of ambience. This groundbreaking light helps you personalise your bathroom experience, setting the tone for an energetic morning routine or an indulgent evening pamper.

See page 142 for technical details.

Features

- Remote control operation – lighting and music
- Bluetooth™ connectivity with compatible devices
- Hand blown glass shade
- Colour temperature changing LED illumination
- 1555lm max
- Dimmable
- 12 RGB colour options
- 6w speaker
- IP44 rated

- Horizon

Ceiling Lights

Polar

With its clean lines and chrome finish, Polar is a stunning contemporary addition to your bathroom. The light provides 'daylight' illumination for a radiant, natural-feeling glow.

Horizon

Horizon's flared design gently disperses radiant light across the surfaces of your bathroom.

Lumen

Offering crisp 'daylight' illumination, the ultra-modern Lumen will light your bathroom brilliantly. This ceiling light is the obvious choice if you want to show your space in the best possible light.

See page 142 for technical details.

Ceiling Lights

“Classic, contemporary design”

Complement your luxurious bathroom with a classic, minimal ceiling light.

Our range offers you the choice of LED or conventional energy-efficient bulbs. There are six designs to choose from — four circular and two square — all with chrome edge detailing.

See page 142 for technical details.

Features

- Suitable for Zone 2

Pendant Lighting

Peak

This stunning pendant light will fill your bathroom with radiance. The versatile design means it can be placed virtually anywhere in your bathroom, while the sleek chrome finish makes it a stunning feature.

Rise

Rise has a tapered glass pendant that diffuses 'daylight' illumination into the surrounding space, creating a fresh, spa-like ambience in your bathroom. This contemporary pendant light has a metre-long wire, so you hang it high or low to suit your bathroom and your taste.

Summit

Summit's hand-blown glass pendant encases a retro styled LED lamp that emits a mellow warm light. It's perfect for creating a relaxing ambience to help you unwind after a long day.

See page 143 for technical details.

A quality guarantee. 5 years from date of purchase on silver coating on mirror. 2 years from date of purchase on electrical components in the mirror.

Demista Pads

Wouldn't it make all the difference and give you more time in the morning, if you had a mirror that never fogged up?

An effective solution to an everyday problem. A Demista pad can be easily fitted behind a mirror to deliver fast, efficient demisting in seconds. The technology is available as an optional extra on mirrors where indicated.

Demista Pads	Art No.	Dimensions	
D1	37010	30 x 25cm	£54
D2	37020	30 x 57cm	£73
D3	37030	50 x 53cm	£95
D4	37040	50 x 105cm	£150

Other sizes available on request for contract orders.

What's the difference...

An inline fan is where the fan motor is remotely sited within the loft space and is connected to the fascia and external wall grille by the supplied flexible ducting.

A wall mounted fan is where the fascia has an integrated fan and the ducting passes through the wall to an external grille. Our fans are also suitable for ceiling mounting.

Chrome Support Brackets	8875	12cm	21cm	2cm	Chrome Plated	N/A

Lighting Regulations

All installations must comply with guidelines which are based on a zonal concept. The diagram below illustrates this concept and must be followed to ensure the safe installation of electrical appliances in the bathroom. These regulations apply to domestic installations only. Installations must be made in accordance with the current IEE wiring regulations and relevant building regulations. HiB recommends that all electrical bathroom products should only be fitted by a suitably qualified, Part P registered electrician.

Zone 1 refers to the area above the shower up to a height of 2.25 metres and requires a minimum rating of IP44 or higher and if the fitting is 240V a 30ma RCD must be used to protect the circuit.

Zone 2 covers an area 0.6 metres wide immediately next to, and all round zone 1. Wash basins should also be treated as zone 2. The minimum rating here is IPX4.

Outside Zone has no special requirements, unless water jets are likely to be used for cleaning purposes.

The IP (Ingress Protection) Standard describes a uniform system for classifying the degrees of protection provided by the enclosures of electrical equipment.

For example, if a bathroom's light is rated IP65, then the 6 means its 'Protected against Dust' and the 5 means its 'Protected against Water Jets' from a shower, tap or cleaning processes from any direction.

First numeral - protection against ingress of foreign bodies, E.G. Tools, dust, fingers, etc.

0 No protection	1 Protected against solid objects with a diameter of 50mm and over (e.g. Accidental insertion of hands).	2 Protected against solid objects over 12mm (e.g. jointed fingers).	3 Protected against solid objects over 2.5mm (tools).	4 Protected against solid objects over 1mm (small wires).	5 Protected against dust - limited ingress permitted (no harmful deposit).	6 Totally protected against dust.
---------------------------	--	---	---	---	--	---

Second numeral - protection against ingress of liquids.

0 No protection	1 Protected against drops of condensed water. Drops of condensed water falling on the enclosure shall have no harmful effect.	2 Protection against drops of liquid. Drops of falling liquid shall have no harmful effect when the enclosure is tilted at an angle up to 15 degrees from the vertical.	3 Protection against rain. Water falling in rain at an angle equal or smaller than 60 degrees with respect to the vertical shall have no harmful effect.	4 Protection against splashing. Liquid splashed from any direction shall have no harmful effect.	5 Protection against water jets. Water projected by a nozzle from any direction under stated conditions shall have no harmful effect.	6 Protection against conditions on ship decks (deck equipment). Water from heavy seas shall not enter the enclosures under prescribed conditions.	7 Protection against immersion in water. It shall not be possible for water to enter the enclosure under stated conditions of pressure and time.	8 Protection against indefinite immersion in water under specified pressure. It shall not be possible for water to enter the enclosure.
---------------------------	---	---	--	--	---	---	--	---
